

MMEA Eastern District Blind Audition Procedures

1. Students will be given a four digit student audition number at check-in.
2. Judges will be behind a screen.
3. A judge's assistant will be stationed outside of each audition room and will introduce each student to the judges by their student audition number.
4. Students should not speak to the judges at all during the audition process. All communication must happen through the judge's assistant.
5. If a student has a question, they should leave the room and ask the judge's assistant for help.
